

Number Line

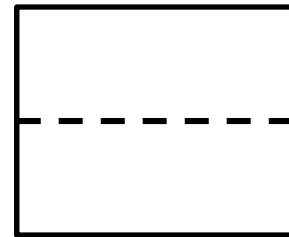

Directions for Assembly

1. Print the pages you need for your number line
 - To print a number line from 0 to 100, print slides 3 - 12
 - To print a number line from -20 to 20, print slides 14 - 19
 - To print a number line from -30 to 30, print slides 21 - 27

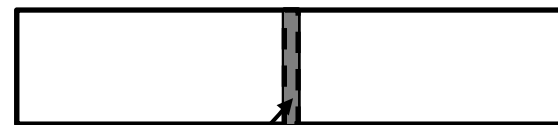

2. Cut a half-inch vertical strip from the left side of every sheet.

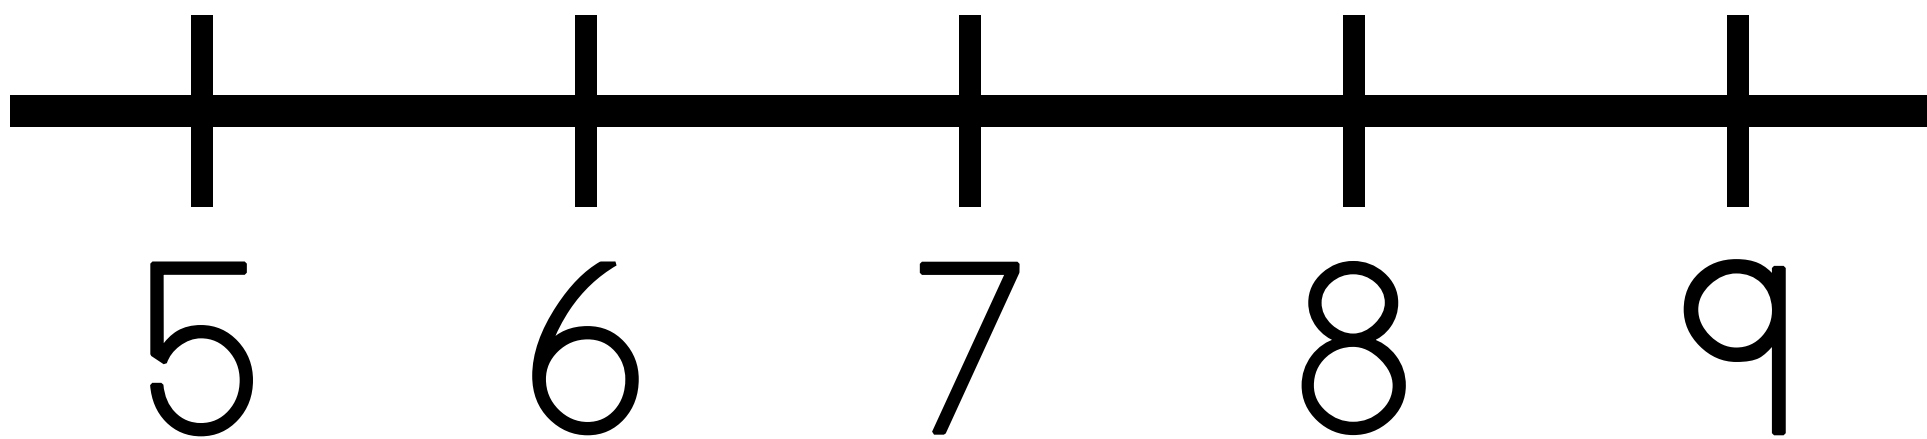

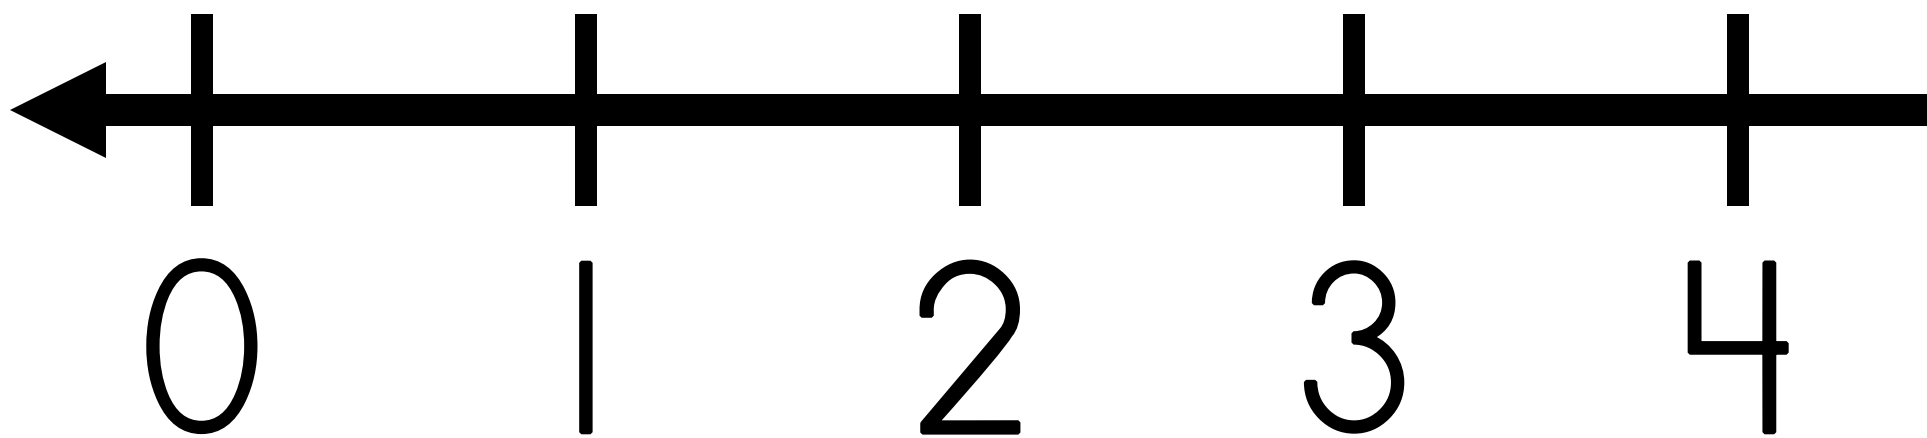

3. Fold each sheet in half horizontally, and cut along the fold.

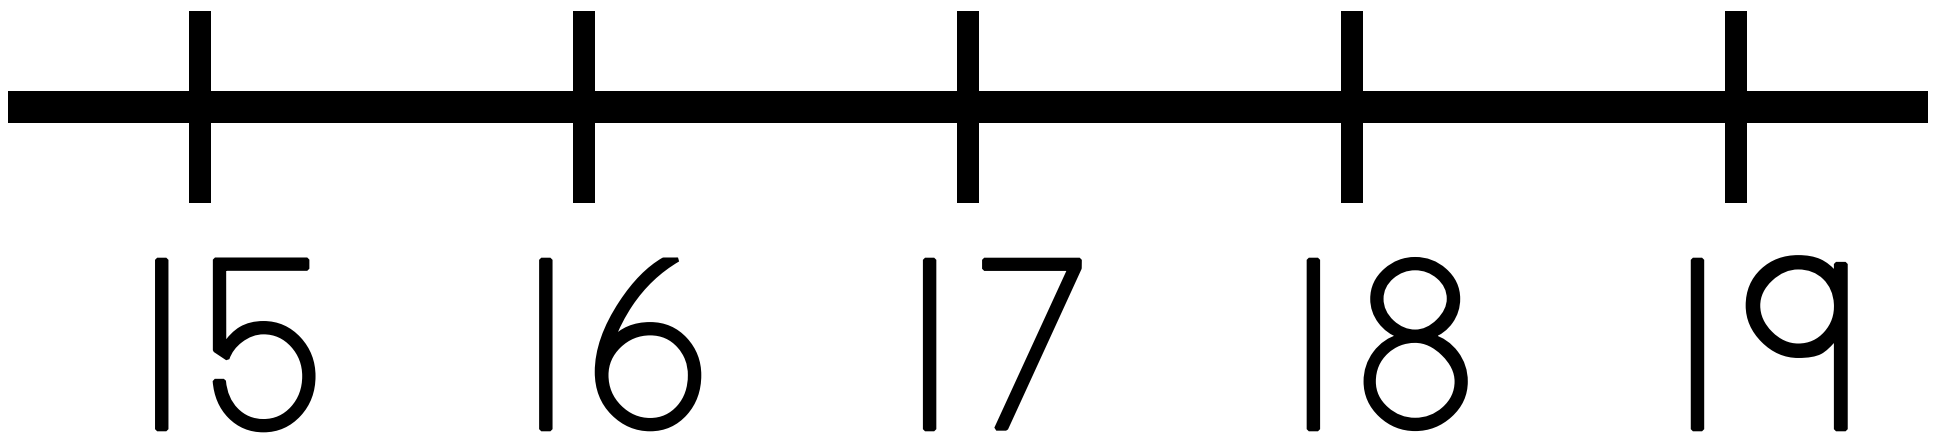

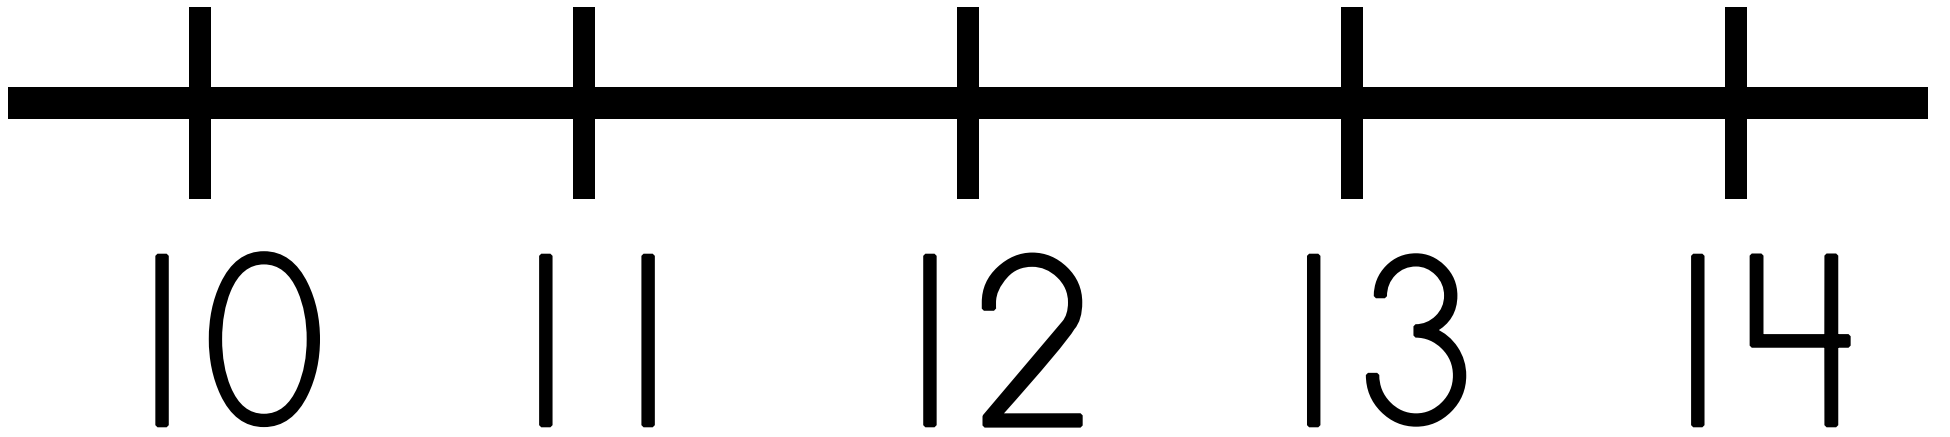

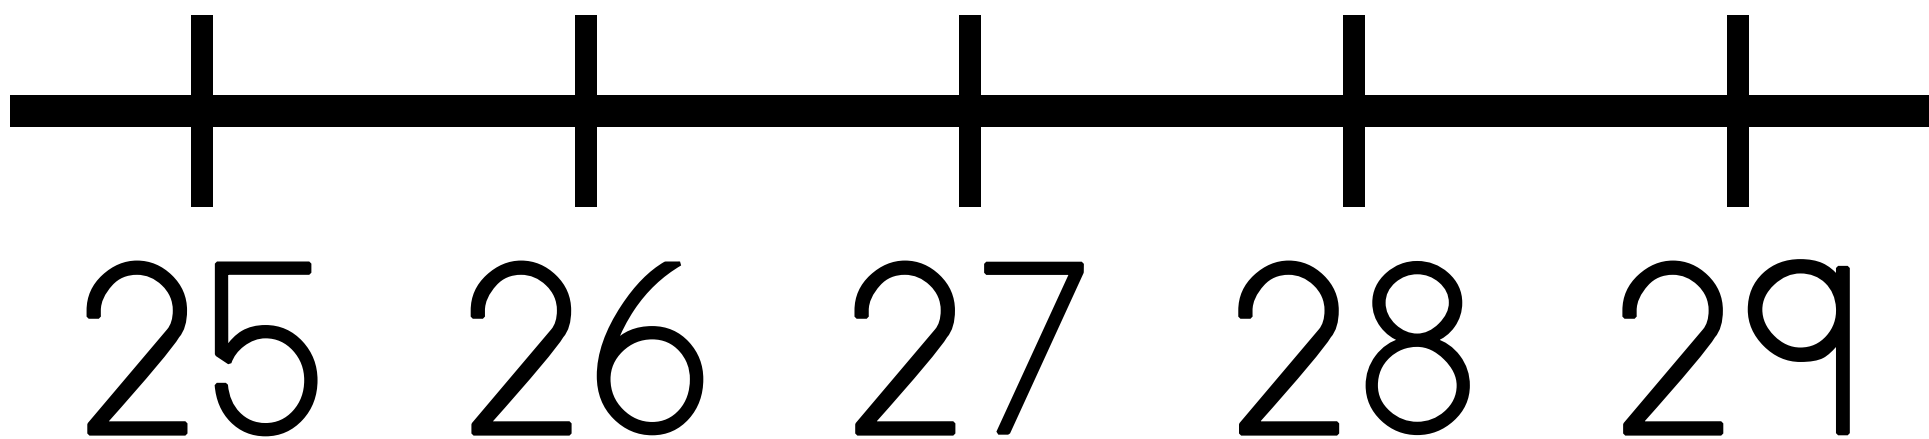

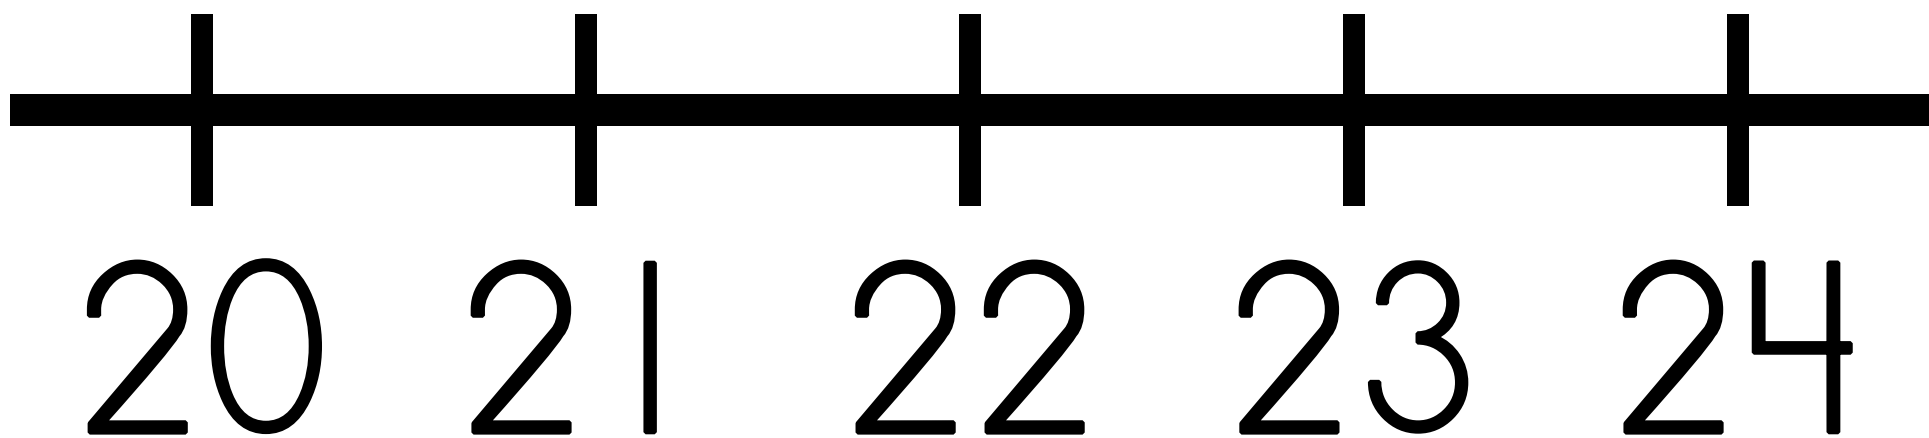

4. Arrange each sheet with a half-inch overlap aligning the horizontal line on the number line.
